2008 Annual Report released

ETSA Utilities has released its 2008 Annual Report and the first edition of *footprints*, the organisation's new-look community and environment report.

As well as reviewing performance in 2008, the Annual Report looks at how the organisation is positioning itself to meet the challenges facing the energy sector in coming years.

For a full copy of the 2008 Annual Report, [click here](#).

footprints looks at various environmental, community and sponsorship initiatives, including what the organisation is doing to combat carbon emissions from its passenger fleet.

About ETSA Utilities

ETSA Utilities is South Australia's electricity distributor, delivering energy from the transmission network through poles, wires, substations and transformers to about 800,000 customers. With more than 60 years experience, we are one of South Australia's largest organisations, employing more than 1750 people throughout metropolitan and regional South Australia.

ETSA Utilities is 51 percent owned by Cheung Kong Infrastructure Holdings Limited and Hongkong Electric Holdings, which form part of the Cheung Kong Group of companies. The remaining 49 percent is owned by Spark Infrastructure, which began trading on the ASX in December 2005.
